- Upload Images.

The screenshot shows the Joomla! CMS interface for editing a product. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, Help, Theme option, and VirtueMart. The main content area is titled "Product [ Edit ] Table Tents Stickers (SP01)". Below the title are buttons for Save & Close, Save, Cancel, Help, and Permissions. The left sidebar has a "Products" section with links for Products, Custom Fields, Inventory, Taxes & Calculation Rules, Reviews & Ratings, ORDERS & SHOPPERS, MANUFACTURERS, SHOP, and CONFIGURATION. A "TOOLS" section is also present. The main content area has tabs for Product Information, Product Description, Product Status, Product Dimensions and Weight, Product Images, and Custom Fields. The "Product Images" tab is active, showing a grid of three images related to the product. Below this is a "Multiple Image Upload" section with a "Click to upload multiple image" button and an "Auto Save" checkbox. A table lists uploaded files with columns for Name, Size, and Action. The table contains the following data:

Name	Size	Action
Chrysanthemum.jpg	0.8MB	
Desert.jpg	0.8MB	
Hydrangeas.jpg	0.6MB	
Jellyfish.jpg	0.7MB	
Koala.jpg	0.7MB	
Lighthouse.jpg	0.5MB	
Penguins.jpg	0.7MB	
Tulips.jpg	0.6MB	

A "Save" button is located at the bottom of this section. Below this is an "Image Information" section containing a large preview image of a product box and several input fields for file publishing, unique filename, displayed image, subtitle, image alt-text, image class, used URL, used thumbnail URL, role (Displayable or Downloadable), and storage location. The "File published?" checkbox is checked, and the "Unique Filename" field contains "1.jpg\_product\_product". The "Used url" field shows "images/stories/virtuemart/product/77.jpg". The "Used thumb url" field shows "(Default URL) images/stories/virtuemart/product/resized/77\_476x340.jpg". The "Role" field has "Displayable" selected. The "Storing location/type" field is set to "product".
