✓ Step 5: Module Assignment

- **Pick one option** to choose how module displays on your website

This screenshot shows the Joomla! administrator interface for managing modules. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, Help, and VirtueMart. The title bar indicates the current task is 'Modules: mod_netbase_virtuemart_search'. The main content area shows a form with a title field containing 'Ebay Instant Keyword Search Module for Virtuemart'. Below the title are four tabs: 'Module' (selected), 'Menu Assignment', 'Module Permissions', and 'Advanced'. Under 'Module Assignment', a dropdown menu is open, showing options: 'No pages', 'On all pages', 'No pages' (which is highlighted with a blue selection bar), 'Only on the pages selected', and 'On all pages except those selected'. At the bottom of the page are standard Joomla! save buttons: Save, Save & Close, Save & New, Save as Copy, and Close.

✓ Step 6: Advanced Setting

This screenshot shows the Joomla! administrator interface for managing modules, specifically focusing on advanced settings. The top navigation bar and title bar are identical to the previous screenshot. The main content area shows a form with a title field containing 'Ebay Instant Keyword Search Module for Virtuemart'. Below the title are four tabs: 'Module' (selected), 'Menu Assignment', 'Module Permissions', and 'Advanced' (which is highlighted with a blue selection bar). Under 'Advanced', there are several configuration fields:

- 'Module Class Suffix': An empty input field.
- 'Caching': A dropdown menu set to 'Use Global'.
- 'Cache Time': An input field containing the value '900'.
- 'Module Tag': A dropdown menu set to 'div'.
- 'Bootstrap Size': An input field containing the value '0'.
- 'Header Tag': A dropdown menu set to 'h3'.
- 'Header Class': An empty input field.
- 'Module Style': A dropdown menu set to 'Inherited'.

 At the bottom of the page are standard Joomla! save buttons: Save, Save & Close, Save & New, Save as Copy, and Close.
