Almost well known e-stores today have powerful drop down carts swiftly revealing the added-to cart products in an excellent dropdown list appearance. Ajax Dropdown Cart makes ecommerce websites look tidy as well as competent, giving customer's pleasures when reviewing products that they have chosen in shopping activities. Ajax Dropdown Cart Virtuemart extension is easy for you to set it up like a regular Joomla installation. After you activate the module and include it in any chosen position in Joomla template (the top/header is recommended), it is ready to use the dropdown cart.

Virtuemart extension is a great add-on module for your Virtuemart shop. It supports multi languages and no need to translate anything. Ajax drop down cart contains whichever currencies that your Virtuemart website uses. You just translate Virtuemart Component to the native language, apply the currency, then everything will be automatically set in terms of Dropdown Cart Virtuemart extension.
